## SKILLS

**Frontend :** HTML, CSS, JavaScript

**Programming Languages :** Python

**Databases :** SQLite , MongoDB

**Framework :** Bootstrap , Node Js , React Js , Express Js

## EXPERIENCE

### Software Development Engineer -1 Frontend

**Location:** Remote

Kitaabh Technologies Pvt Ltd

2023 Feb - Present

- My daily responsibilities centered around developing user interface components using React.js and seamlessly integrating NodeJs and Python APIs using Redux Toolkit also ensuring the robustness and ease of maintenance of both individual components and the overall application.
- I actively engage with the Frontend, Backend, and Business Analyst teams to address any project requirements collaboratively and committed to completing tasks within the provided estimation time.
- I maintain a collaborative approach, seeking assistance from and providing support to fellow developers when faced with challenges, ensuring a cohesive and efficient work environment.

**Technologies used:** ReactJs, Redux toolkit, Javascript, Data Structures, Git Bash, Bit Bucket

## PROJECTS

**Image to Audio For Blind People:** [Link](#)

### Movie Review Blog: (Under Development)

Developed a Movies review website where users can add comments and likes to their favorite movie.

- Implemented user authentication using JsonWebToken .User Details are stored and maintained in MongoDB with GET,POST,PUT,DELETE requests in Express Js and Node Js.
- Developed Frontend Using React Js and third-party React libraries like React-Slick and user authorization is stored in Cookies using js-cookies

**Technologies used:** ReactJs, ExpressJs, NodeJs, MongoDB (<https://nsrksreecharan.github.io/MarvelMovies/#/>)

### **Todos Application**

Developed persistent todo application with CRUD operations to the tracklist of tasks.

- Implemented todo crud operations by using JavaScript event listeners.
- Persisted todo list state on page reloads using local storage methods.

**Technologies used:** HTML, CSS, JS, Bootstrap

([https://lnkd.in/gJH6z\\_K7](https://lnkd.in/gJH6z_K7))

### **Tourist Places**

Developed a responsive static webpage using html bootstrap carousel and css

**Technologies used:** HTML, CSS, Bootstrap

(<https://lnkd.in/d-ujj7E4>)

### **EXTRA CURRICULARS**

---

- Actively participated in online coding contests through the help of websites like codechef, hackerearth and solved many coding problems  
(hackerearth: [@sreecharan360](https://hackerearth.com/@sreecharan360) , codechef: [codechef.com/users/sree2charan](https://codechef.com/users/sree2charan))
- Took Initiative as class representative in btech
